INTRODUCTION

As a pioneer specializing in the "old school" trading of HVAC & Refrigeration Industry, today, Lan Hoe is fast transforming into the leading technology provider and is ever continuing its legacy to be one of Malaysia's leaders in the following segment of this industry:

IMPORTATION - Dubbed as one of Malaysia's KEY Importer of HVAC & Refrigeration industry, we take great pride in becoming Malaysia's leading importer;

DISTRIBUTION & WHOLESALE - The tradition and experience garnered through trading, combined with our management expertise... it is no wonder that we continue to lead in the distribution & wholesale network... **STEADILY!**

PROJECT MANAGEMENT - For decades, we were responsible for the supply of superior quality materials, (such as copper tubes & pipes, insulation tubes, sheets & panels, etc.), air-conditioning & refrigeration system equipment, compressors, components to local & overseas projects which ranges from hypermarkets to dominant buildings' M&E requirements;

MANUFACTURING - With more than 30 years of trading experience under our belt, we then expanded our business to manufacturing of insulation materials and equipment (condensing units & compressors racks) under the 'GREFAC' brand name which stands for Green Refrigeration & Air-Conditioning;

TECHNOLOGICAL ADVANCEMENT & INNOVATIONS - In Lan Hoe, we strive to work & cooperate with internationally acclaimed technological leaders with the sole purpose of supporting our valued clientele with the latest, most efficient, sustainable and cost effective solutions to safeguard the environment for our future generations.

OBJECTIVE

Our main objective is to keep our valued customers happy and satisfied with products that can, and will meet and if possible, surpass their requirements.

In line with our objective, we, at Lan Hoe will continuously strive to:

- Provide the HVAC & Refrigeration industry with technologically advanced products that are sustainable and efficient in terms of performance, reliability and cost
- Continuous improvement of our products and services
- Be ever attentive to the needs of our valued clientele

Lan Hoe's strict adherence to this simple business model has been proven through time of which we are proud to state that years of continuous market growth is the evidence of our successful and proven policy.

MISSION STATEMENT

"To become the market leader in the supply of quality products and parts for the Air Conditioning and Refrigeration industry"

Refrigeration Copper Pipings, Fittings & Solder Free Fittings

Grefac Copper Pipes/Tubes Solutions
(Korean Origin to Australia AS/NZS 1571,
American ASTM B280, European EN 1057
& EN 13348 (Medical))

AC & Ref Refrigerants
Solder / Braze Free Fittings Europe Origin

Plumbing & Sanitation
Solder / Braze Free Fittings Europe Origin

Refrigeration CDU Systems, Cool Room PU Panels & Accessories, Showcases & S/Steel Equipments for Cafes Restaurants & Hotels

New Generation of Weather Proof CDU's
SPECTRUM Series

Evaporator GREV Series

Evaporator GREVD Series

MY-GSC Series

MY-GSH Series

MY-GRHC Series

Coldroom PU Panels

Door Accessories

Swing Door & Accessories

Sliding Door & Accessories

Grefac Cafe, Restaurant & Hotel Cabinets Solution

Sanhua Components & Heat Exchangers
(World No. 1 Valves Manufacturer in Air-Conditioning & Refrigeration)

Micro-Channel

Ball Valve

Electronic Expansion Valve

Solenoid Valve

Thermostatic Expansion Valve

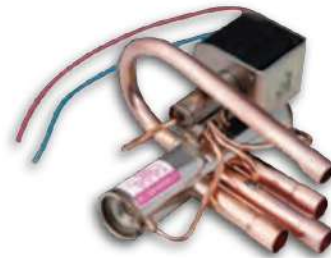

Suction Accumulator

Check Valve

Filter Drier

Four Way Reversing Valve

Copeland : Scroll / Fusion Scroll / Stream / Semi Hermetic / ZX / ZXL / ZXD CDUs
Emerson : Flow Controls System Protectors, EXV / TXVs & Oil Management Component

Fusion Scroll Compressor

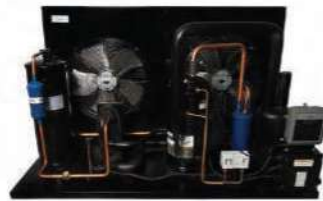

Stream Compressor

Semi-Hermetic Compressor

Scroll Compressor

IZFI CDUs

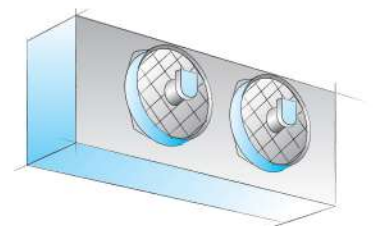

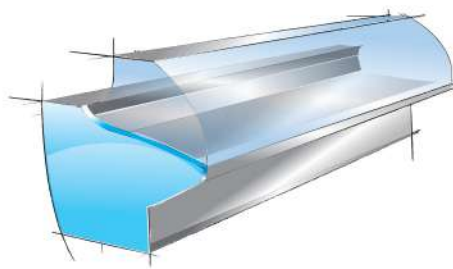

ZX / ZXL / ZXD CDUs

Flow Controls

Carel Refrigeration Parametric Controls & Monitoring Systems (Italy)

High Efficiency Solutions.

Spectrum-i World's 1st Intelligent Condensing Unit

TRULY  **INTELLIGENT REFRIGERATION CDU**

-  **WIDE APPLICATIONS**
-40°C to + 10°C
-  **ENERGY SAVINGS & HIGH EFFICIENCY**
High C.O.P. & EVI Technology
-  **HOT GAS DEFROST**
Hot Gas Defrosting by Demand
-  **ROBUST CASING**
Heavy Duty Materials
-  **DUAL ELECTRONIC EXPANSION VALVES**
Superheat & Vapor Injection Controls
-  **EASY INSTALLATION**
Reduce Workmanship
-  **USER FRIENDLY**
Easy Maintenance & Repair
-  **SILENT OPERATION**
With 6 Poles Fan Motor

i-CONTROLLER

Guntner Evaporators & Condensers (Commercial & Industrial)
