

Racking for storing small hazardous substance containers

Type code hazmat racks

GRW Rack with 4 steel spill trays	1040 shelf width: 1000 mm, shelf depth: 400 mm
GRG Rack with 1 steel spill tray and 3 grid shelves	1060 shelf width: 1000 mm, shelf depth: 600 mm
GRB Rack with 1 floor spill pallet and 4 grid shelves	1340 shelf width: 1300 mm, shelf depth: 400 mm
GKG Rack with 1 plastic spill tray 3 grid shelves	1360 shelf width: 1300 mm, shelf depth: 600 mm
GKW Rack with 4 plastic spill trays	
GRE Rack in stainless steel with one spill pallet and 3 perforated shelves	

- Which substances can you store?
- On which hazmat racks can you store?

Water-hazardous materials

Model GRW

- With painted steel spill trays at each level

Shelving system for hazardous material type GRW 1040

£ 449.00

Order no. 199-566-J9

Flammable liquids

Model GRG; GRB

- with a steel spill tray at the lower level and grid shelves

Shelving system for hazardous material type GRB 1360

£ 534.00

Order no. 199-720-J9

Aggressive chemicals

Model GKG, GKW, GRE

- with plastic or stainless steel spill trays and grid shelves

Shelving system for hazardous material type GKG 1060-V

£ 392.00

Order no. 199-581-J9

All sumps are fully compliant with HSE legislation and environmental pollution prevention guidelines

DENIOS
warranty **5**
years

Type GRW, with 4 steel sumps

- 4 steel spill trays as shelves
- For the storage of liquids in all water-polluting classes
- Type-separated storage with spill tray at every storage level

from £ 449.00

- Galvanised frame
- Sturdy construction with reinforcing crossbars
- Shelving height can be adjusted in 25 mm increments
- Can be expanded at any time
- Delivered flat packed with instructions for easy self assembly

i All racking is galvanised for optimum corrosion protection

Containment shelving model GRW 1360, Order no. 199-574-J9, £ 553.00
