

ETHOS® Edge SCAN TOOL

ETHOS® Edge

EESC332

OEM-specific codes and live data graphing for critical vehicle systems.

Read and clear OEM proprietary and global codes in just seconds with clear code definitions on screen.

Fast touch-screen operation for vehicle ID and navigation. Saves previous vehicles and data for review.

Graph up to four live data parameters at once. Set triggers to catch intermittent faults.

EESC332 ETHOS® EDGE Scan Tool

- OEM-specific coverage for 49 domestic, Asian and European makes
- Coverage as far back as 1983 model year
- Large, full-color 5.6" VGA touch screen for precise graphing and detailed results
