LIVINOX[®]
FOR A BETTER LIFESTYLE

Pure Elegance
with Quality

The new T-series Instant Shower Heater

www.livinox.my

T series

shows the beauty of minimalist design. It is extremely user-friendly with one single knob and lively colour display to control the entire operation.

The sleek and refined design of the body shell expresses an elegant look, in sophisticated amalgamation of matte black and rose gold, make it an genuinely stylish piece in your bathroom.

Check out the beautiful **changing colour** display!

4.5  kw
High-power
Feel the heat

Stepless Power Control

Provides user the ability to adjust the water temperature precisely based on their own preferences.

Built-in Residual Current Device (RCD)

In the event of current leakage, Livinox's highly sensitive built-in RCD will cut off both live and neutral power supply.

Inverter DC Booster Pump

In places where water pressure is inherently low, Livinox's state of the art DC pump can help boost water pressure with low noise operation and low energy consumption.

Double Thermal Anti-Scalding System

Our safety system cuts off power whenever the water temperature rises to 55°C (Anti-scalding) and 90°C (Abnormal overheat).

IP25 Splash Proof

Livinox's T series water heater comes with internationally recognised rating of IP25 protection. This means you can be rest assured that the internal electronics are always protected against dust and water.

Smart Self-Check Safety Indication

Livinox T series water heater comes with an intelligent self-check safety feature that informs the safety status of the heater before and during usage.

Self-checking function is indicated by power and RCD LED light running in sequence, after which, one of the following three scenarios may occur:

- Earth/RCD green light indicates that RCD is functioning normally and heater safe to use.
- Earth/RCD green light continuous blinking indicates that there is poor or no earth connection. User is advised to contact professional technician.
- Earth/RCD red light blinking indicates that current leakage is detected, and RCD has tripped. User is advised to contact professional technician.

Water Temperature Heat Illuminator*

Water temperature indication is illuminated around the temperature knob area, with orange light indicating minimum temperature and red light indicating maximum temperature.

4.5 kW High-power Hot Shower

The LIVINOX T series has a heating capacity of 4.5 kW that shortens the heating time so you can take a warm bath instantly even on cold days!

3-in-1 Diverter Valve

Enjoy the additional heated water outlet in your bathroom for various usage with the all new 3-in-1 function diverter that allows you to switch between rain shower, hand shower and faucet pipe with just a twist of knob.
